

# 1968 INDEX

## Public Health Reports

Volume 83, January-December

*and*

## Public Health Monograph No. 77

THIS INDEX to *Public Health Reports* and Public Health Monographs is divided into a subject index and an author index.

The subject index carries one or more entries for each item published. In addition to the subject headings, categorical headings include ANNOUNCEMENTS (ORGANIZATIONS and PERSONNEL), CONFERENCE REPORTS, PHS GRANTS, INVENTION REPORTS, LEGAL NOTES, and TRAINING COURSES.

The Public Health Monograph published concurrently with *Public Health Reports* in 1968 appears under the category heading MONOGRAPHS. The monograph summary appearing in the journal is indexed under the appropriate subject heading.

### Key to Dates and Pages

<i>Pages</i>	<i>Month of issue</i>	<i>No.</i>
1-94	January.....	1
95-172	February.....	2
173-266	March.....	3
267-344	April.....	4
345-438	May.....	5
439-532	June.....	6
533-626	July.....	7
627-704	August.....	8
705-798	September.....	9
799-892	October.....	10
893-986	November.....	11
987-1080	December.....	12

### Key to Classification Code

- (\*) Original, signed article
- (CR) Conference report
- (LN) Legal note
- (MS) Monograph summary
- (SR) Short report

In the author index, two asterisks (\*\*) before the page number indicate a monograph.

# Subject Index

ABNORMALITIES	Page	AIR POLLUTION—Continued	Page
congenital abnormalities in multiple species, rectangular coordinate method of epidemiologic investigation, University of Missouri -----	*427	particulate emissions from east iron foundry's smokestack (LN)-----	118
ABORTION		State-Federal partnership to control, Mid-Atlantic States Air Pollution Control Commission (CR)-----	217
demographic aspects of-----	*999	ALCOHOLISM	
epidemiologic aspects of, Chile-----	*41	chronic, not defense to criminal prosecution for public intoxication (LN)-----	912
ACCIDENTS		treatment, multidisciplinary, multilocational, and multitherapeutic approach (CR)-----	112
alcohol-associated highway fatalities during Christmas season (CR)-----	189	ANEMIA	
burn injuries, effect of education program in reducing number of (CR)-----	189	hemoglobin patterns in low-income families, Brooklyn study-----	*61
injury control research laboratory, PHS (SR)-----	694	iron deficiency, among preschool Negro children, District of Columbia (CR)-----	213
motor vehicle, detecting and caring for victims (CR)-----	188	iron deficiency, among rural poor children in Tennessee-----	*939
motor vehicle, relationship of vehicle inspection to mortality rates (CR)-----	190	ANIMALS	
motor vehicle, study of human factors (CR)-----	189	<i>see also</i> name of disease; Zoonoses as teaching aids in medical schools (CR)-----	224
prevention, "Safety Tips In-Out-and-Around the Water," new wallet card published by PHS (SR)-----	433	feeds, salmonellae levels in (CR)-----	231
Registry of Accident Pathology, Armed Forces Institute of Pathology (SR)-----	707	ANNOUNCEMENTS, ORGANIZATIONS	
ADMINISTRATION		anesthesia center, Harvard University Medical Center-----	460
<i>see also</i> Information Systems		Center for Population Research, National Institute of Child Health and Human Development-----	953
evaluation of effectiveness of public health programs-----	*323	conference calendar-----	316
evaluation of program efficiency-----	*603	Health Services Research Center established to study economic and other aspects of health care-----	276
how public health administrators perceive their constituencies-----	*239	new laboratory and museum wing, Armed Forces Institute of Pathology-----	404
of family planning program, Pakistan-----	*945	regional medical library for South America to be established at Paulista, Brazil-----	248
use of management tools in health planning-----	*820	ANNOUNCEMENTS, PERSONNEL	
AFRICA		Abinanti, Francis R., associate director, Extramural Programs, National Institute of Allergy and Infectious Diseases-----	376
certain cancers common in, cooperative venture to study (SR)-----	134	Isbister, James David, executive officer, National Institute of Mental Health-----	336
Nigeria, epidemic of smallpox in immunized community (CR)-----	219	Lieberman, E. James, chief, Center for the Studies of Child and Family Mental Health, National Institute of Mental Health-----	336
smallpox eradication efforts hampered by ecology, poor equipment, and politics (CR)-----	218	MacNichol, Edward Ford, Jr., director of National Institute of Neurological Diseases and acting director of National Eye Institute-----	336
AGED		1020	
and chronically ill, information and referral services for-----	*295		
health experiences in public housing projects in Cleveland, comparative study-----	*34		
psychiatric patients, facilities for treatment and care (CR)-----	111		
AIR POLLUTION			
findings of 3.5 years' monitoring in Metropolitan Birmingham, Ala-----	*1033		
gaseous tracer system to measure (SR)-----	457		

ANNOUNCEMENTS, PERSONNEL—Continued	Page	CANADA	Page
McVeigh, Edward J., assistant to Surgeon General and director of information of Public Health Service-----	336	ethnic distribution of gastrointestinal cancer, Manitoba (CR) -----	207
Mitchel, William H., Deputy Assistant Secretary for Management Systems, DHEW-----	795	CANCER	
Olson, Stanley W., director, Division of Regional Medical Programs, Health Services and Mental Health Administration-----	840	breast, characteristics of participants and nonparticipants in a voluntary screening program -----	*479
van Hoek, Robert, director, Division of Direct Health Services, PHS -----	840	breast, patients' survival related to meno-pausal status (CR) -----	200
<b>ANTIBIOTICS</b> <i>see</i> Drugs		central registry of cases, Connecticut -----	*386
<b>ARBOVIRUSES</b> <i>see</i> Viruses		cervical, nationwide screening projects, 5-year statistics (SR) -----	502
<b>ARMED FORCES</b>		cervical, response to self-use detection kit in 1963 program, Washington County, Md. -----	*990
acute respiratory diseases among Navy recruits, Great Lakes, Ill. (CR) -----	209	gastrointestinal, ethnic distribution in Manitoba, Canada (CR) -----	207
<b>ARTHRITIS</b>		lung, among uranium miners, assessment of risk (CR) -----	200
<i>see also</i> Joint Diseases		lung, risk among uranium miners (CR) -----	222
increase in patients, 1967 U.S. data (SR)-----	684	lymphoma in Israel, epidemiologic aspects (CR) -----	201
use of thermography in treating (SR)-----	1048	prevention through professional education programs (CR) -----	200
<b>AUTOMATIC DATA PROCESSING</b>		research, use of laser equipment (CR) -----	536
<i>see also</i> Information Systems		search of Indian plants for cancer inhibitors (SR) -----	422
automation of source data for birth certificates; pilot study -----	*519	types common in Africa, cooperative venture to study (SR) -----	134
computerizing children's electrocardiograms (SR) -----	385		
"place" in environmental epidemiology, rectangular coordinate method -----	*427	<b>CHILD HEALTH AND WELFARE</b>	
<b>BATS</b>		<i>see also</i> School Health	
rabies in, New Mexico cavern -----	*303	Center for Population Research established in National Institute of Child Health and Human Development (SR) -----	953
<b>BEHAVIOR</b>		child-adolescent programs in mental hospital (CR) -----	108
behavioral research, use in venereal disease control; report on four studies -----	*583	crippled children's programs, advisory committees and consultants in -----	*652
effect of child's temperament on his learning (CR) -----	227	dental care for Headstart children by private dentists, Arizona (CR) -----	198
of hospitalized young children, response to mother-like care (CR) -----	213	developmental screening test for infants and small children (SR) -----	602
of smokers (CR) -----	224	effect of child's temperament on his learning (CR) -----	227
role of expert and peer speakers in short term training seminar -----	*135	factors affecting mothers' estimates of their children's birth weights -----	*1011
social, psychological, and physiological factors in patient compliance with physicians' advice (CR) -----	237	fetal growth as indicator of socioeconomic differences of mothers -----	*867
surrounding absence for illness related to demographic and job characteristics-----	*1029	iron deficiency anemia among preschool Negro children, District of Columbia (CR) -----	213
<b>BIBLIOGRAPHIES</b>		iron deficiency anemia among rural poor children, Tennessee -----	*939
National Library of Medicine-----	89	obesity in adolescents as a public health problem -----	*491
Toxicity Bibliography, quarterly publication of National Library of Medicine (SR) ---	859	ophthalmological consultation for children, rural Iowa -----	*569
<b>BILHARZIA</b>		phenylketonuria screening in New York State -----	*423
molluscicides for control programs, rationale for selecting -----	*594	poliovirus neutralizing antibody levels among preschool children, Greater Kansas City -----	*507
<b>BIRTH CONTROL</b> <i>see</i> Family Planning			
<b>BIRTH WEIGHT</b>			
validity of mothers' recall of children's-----	*1011		
<b>BRITISH HONDURAS</b>			
water treatment plant for Stann Creek -----	*461		
<b>CAMBODIA</b>			
health education in a village-----	*893		

	Page		Page
<b>CHILD HEALTH AND WELFARE—Continued</b>			
rehabilitating young cardiac patients, 5-year study (SR)-----	596	<b>DENGUE</b>	
rejected children, role of foster home programs in filling emotional needs (CR)-----	110	believed to confer partial immunity to St. Louis encephalitis (SR)-----	206
response of hospitalized young children to mother-like care (CR)-----	213	<b>DENTAL HEALTH</b>	
sexual assault, District of Columbia-----	*1021	barriers to communication between professional personnel and parents of children seen in dental clinic (CR)-----	195
<b>CHILE</b>		dental care in neighborhood health center, organization of Tufts-Columbia Point program -----	
epidemiologic aspects of abortion-----	*41	dental manpower requirements in emerging countries -----	
<b>CHRONIC DISEASES</b>		evaluation of school program in preventive periodontics (CR)-----	194
<i>see also</i> name of disease		“family dentistry” for housing project residents, Boston (CR)-----	198
association of rheumatoid arthritis in wives with peptic ulcers in their husbands (CR)-----	204	Headstart children treated by private dentists, Arizona (CR)-----	198
home care program for patients with, Richmond, Va., selected data, December 1965-----	*75	improved dental care education needed in schools (CR)-----	199
information and referral services for chronically ill and aged-----	*295	oral hygiene performance, method for evaluating -----	
planning care for long term patients, development and demonstration of a method, New York City (CR)-----	193	patients' attitudes and behavior concerning preventive dental care; national survey—periodontal disease related to smoking (CR)-----	*405
<b>COCCIDIOIDOMYCOSIS</b>		preventive dental procedures adaptable to school health programs (CR)-----	196
possibility of infection in museum personnel from soil on specimens brought from Madera dig site to Los Angeles-----	*882	<b>DENTISTRY</b>	
<b>COMMUNICABLE DISEASES</b>		routine, training of auxiliaries to perform, Alabama (CR)-----	194
<i>see also</i> name of disease		<b>DENTISTS</b> <i>see</i> Manpower	
systems for handling and managing data for surveillance, National Communicable Disease Center-----	*383	<b>DIABETES</b>	
<b>COMMUNICATIONS</b>		control, patient's satisfaction as a factor in (CR)-----	204
intercommunication among health facilities (SR)-----	713	<b>DISASTERS</b>	
role of expert and peer speakers in short term training seminar-----	*135	community disaster exercise, Hartford, Conn -----	
<b>COMMUNITY HEALTH</b>		manmade and natural, need for local emergency health services-----	*513
neighborhood health center, organizing a dental care program-----	*633	natural disaster emergency hospitals (SR)-----	667
public hospitals, influence of government programs on future of (CR)-----	53	<b>DRUG ADDICTION</b>	
<b>CONFERENCE REPORTS</b>		aftercare centers for addicts, National Institute of Mental Health (SR)-----	490
American Public Health Association, 95th, 1967-----	173	epidemiology of tetanus in narcotic addicts, New York City (CR)-----	208
American Statistical Association's New York area chapter and Public Health Association of New York City, 2d annual joint conference; information systems-----	345	methadone addiction among patients at Lexington and Fort Worth Public Health Service Hospitals-----	
impact of government programs on public hospitals-----	53	narcotic abuse in United States, history of legal and medical roles-----	*587
Mental Hospital Institute, 19th, 1967; new horizons of treatment-----	108	<b>DRUGS</b>	
Public Health Conference on Records and Statistics, 12th, 1968 (CR)-----	*841	Coronary Drug Project, nationwide clinical trial (SR)-----	60
<b>DEMOGRAPHY</b>		evaluation of methacycline in treatment of gonorrhreal urethritis in men-----	
analysis of residence histories in the United States (MS)-----	1045	oral contraceptives, duration of use in United States, 1960-65-----	*277
demographic and job characteristics as variables in absences for illness-----	*1029	psychotropic, use by U.S. adults-----	*799
demographic effects of abortion-----	*999	search of Indian plants for cancer inhibitors (SR)-----	422

	Page		Page
<b>DYSLEXIA</b>		<b>FAMILY PLANNING—Continued</b>	
school children with, neuropsychological approach used to diagnose and manage (CR)-----	228	contributions of social workers in programs (CR)-----	184
<b>ECONOMICS, HEALTH</b>		data on clinic patients, Mecklenburg County, N.C. (CR)-----	183
cost-effectiveness and cost-benefit analyses for public health programs-----	*899	effect on fertility patterns, numerator analysis by age-parity grids-----	*449
cost of 1966 St. Louis encephalitis epidemic in Dallas-----	*860	evaluation of plastic intrauterine loop effectiveness in post partum program, Atlanta, Ga-----	*119
Health Services Research Center to study economics of health care (SR)-----	276	extent of instruction in nursing schools (CR)-----	183
<b>EDUCATION NOTES</b> <i>see</i> Training Courses		oral contraception, duration of use in United States, 1960-65-----	*277
<b>EMERGENCY SERVICES</b> <i>see</i> Disasters		services for post partum patients, Dade County, Fla. (CR)-----	182
<b>ENCEPHALITIS</b>		services in the United States, techniques for evaluation and recordkeeping-----	*639
St. Louis, economic cost of epidemic in Dallas, Tex-----	*860	sex education as a preventive medicine concept (CR)-----	182
<b>ENVIRONMENTAL HEALTH</b>		<b>FARMWORKERS</b>	
environmental planning, a health physicist's view (CR)-----	216	effects of rural poverty on health of, California-----	*827
health aspects of urban environment-----	*617	<b>FERTILITY</b> <i>see</i> Family Planning	
health inspections, recent decisions of U.S. Supreme Court (CR)-----	215	<b>FILARIASIS</b>	
housing and urban life, role of Public Health Service-----	*101	specially bred mosquitoes eradicate carrier in Burmese field trial (SR)-----	133
noise control at work, in community, and in home-----	*533	<b>FIRE</b>	
role of National Center for Urban and Industrial Health, PHS (CR)-----	216	sodium chlorate weed killer as a fire hazard (SR)-----	557
<b>EPIDEMIOLOGY</b>		<b>FOODBORNE DISEASE</b>	
effects of misclassification resulting in incorrect disease rates on epidemiologic studies-----	*914	<i>see also</i> Salmonellosis	
epidemiologic aspects of abortion in Chile-----	*41	incrimination of frozen raspberries in outbreak of infectious hepatitis-----	*90
epidemiologic studies based on health and personnel records, E. I. du Pont de Nemours & Co-----	*399	national study of illnesses caused by <i>Clostridium perfringens</i> (SR)-----	395
multispecies surveillance system for congenital abnormalities using a rectangular coordinate method, University of Missouri-----	*427	<b>FOOD MICROBIOLOGY</b>	
of mumps in the United States, data used as basis for vaccination recommendations-----	*95	detection of coliforms, fecal streptococci, and salmonellae in shellfish and seawater (CR)-----	232
<b>ESKIMOS</b>		microbiological quality of selected food products-----	*873
adaptability of, joint study under International Biological Program (SR)-----	416	research activities of Public Health Service (CR)-----	215
<b>FAMILY PLANNING</b>		<b>FOXES</b>	
administrative approach to program, Pakistan-----	*945	rabies vaccination study (CR)-----	223
barriers blocking contraceptive education (CR)-----	183	<b>GENETICS</b>	
Center for Population Research established in National Institute of Child Health and Human Development (SR)-----	953	insect, use of cytoplasmic incompatibility factor to control insect-borne diseases (SR)-----	133
contraceptives, survey of sales by pharmacies in Dacca, East Pakistan-----	*49	<b>GONORRHEA</b>	
		fluorescent antibody technique to identify presumptively positive gonococcal cultures-----	*337
		gonorrheal urethritis in men treated with one oral dose of methacycline-----	*87

	Page		Page
<b>GRANTS, PHS</b>		<b>HEALTH EDUCATION—Continued</b>	
for 5-year study of mania and depression (SR) -----	881	effect of program in reducing number of burn injuries (CR) -----	189
for Public Health Practice Research Center, New York City -----	*849	improved dental care education needed in schools (CR) -----	199
for research with human subjects; policy statement -----	*127	in a Cambodian village -----	*893
small grants for mental health researchers, NIMH (SR) -----	819	new method of alcohol education in public schools (CR) -----	205
traineeships for dietitians and nutritionists (CR) -----	186	setting objectives for local health depart- ments -----	*503
travel grants for scientists to attend Con- gresses on Tropical Medicine and Malaria (SR) -----	67	status of professional preparation in (CR) -----	205
<b>GREAT BRITAIN</b>		<b>HEALTH FACILITIES</b>	
policy for new towns (CR) -----	214	<i>see also</i> Health Services
